It's one thing
to SELL
to Europe,

INTERNATIONAL TRADE
RESOURCE CENTER

We Offer A Consolidated Approach with Multiple Solutions

The New Hampshire International Trade Resource Center, together with a group of New Hampshire and Dutch service & logistical providers, has opened a European Logistics Center in the Netherlands. Europe is a crucial market for US companies and it is critical to maintain a competitive edge by offering optimum customer service while streamlining your costs and transactions.

Why You Should Use the European Logistics Center

- Shorter lead-times
- Increase competitive capability
- Better serve your European customers
- Decrease logistical costs
- European presence
- No VAT payments
- MORE SALES

Our client experience has proven that by accessing a European-based facility that provides value added logistics, many of the barriers U.S. exporters face towards better

servicing the European market are removed, including costly and time consuming location and set up processes. The New Hampshire European Logistics Center offers you convenient and cost effective access to the tremendous benefits of a European based logistics hub. Our team will work with you to create a custom-designed logistical strategy. Companies of all sizes can participate in the New Hampshire European Logistics Center and benefit from our consolidated team approach, which includes an a la carte menu of value added services ranging from the basic to the highly structured:

Consolidation, Transportation, Shipment

All shipments leaving New Hampshire will be consolidated and handled by WTG Logistics of Exeter, NH, which can include pick up at your facility, temporary warehousing at the WTG facility, and delivery to DAMCO Sea & Air for transatlantic shipment. Road Air of the Netherlands will retrieve your shipments, handle customs and warehouse them in our European warehouse, or handle as otherwise indicated.

Warehouse

Choose to keep small to large inventory to deliver to current and new customers quickly and economically. You will be able to provide on-demand service and quickly respond to a customer's needs without incurring additional shipping costs.

Cross Dock

Use the New Hampshire European Logistics Center as a hub to facilitate the efficient movement of goods to all your European Customers while keeping shipping costs down. By using the Center's services you can Cross Dock your products for several weeks.

Merge in Transit Hub

By taking advantage of the New Hampshire European Logistics Center you can combine the movement of your goods with goods coming in from Asia and Europe in a seamless effort.

Value Added Logistics

Provide point of shipment customizing. Tailor your goods to the needs of the customer. Assemble, configure, repair and rework at the Center. Reduce the time and costs associated with managing multiple suppliers and take advantage of the convenience that comes from working with a single-source provider.

RMA Center

Eliminate the need for returns to your facility by managing returns directly from the Center.

Admin Center

Manage and reduce the complicated issue of VAT by shipping to your European customers from the Center.

Vendor Hub

Do you sell to a major EU manufacturing plant? Through numerous locations in the Netherlands we can provide you with a vendor hub to supply these manufacturers. The vendor hub concept has been developed to match the needs of customers operating in price-sensitive markets, where optimization of supply chain costs is key to overall profitability.

Insurance

Sadler Insurance can offer coverage to meet your insurance needs at a reduced cost.

Legal Assistance

The law firm of Sheehan Phinney Bass + Green will offer a range of legal products at a reduced cost.

Fiscal Agent

All storage activities in Europe take place within a type E bonded warehouse, enabling you to take advantage of essential export related fiscal services. Road Air can also act as your fiscal representative.

Manage Your Inventory

You will be provided with a web based system to manage and track your inventory at all times.

LOGISTICS FOR S, M, L, XL COMPANIES.
