

## Why Your Company Should Participate:

- You'll have private meetings with potential partners, distributors and end-users based upon YOUR objectives!
- You'll network with the key aerospace/defense agencies and companies in New Delhi, Bangalore and Hyderabad.
- You'll have in-depth briefings by the U.S. Depts. of State, Commerce and Defense as well as ISRO, SIATI and the Confederation of Indian Industry.
- You'll participate in interesting site visits throughout the trip.
- You'll return with a VERY in-depth knowledge of the Indian Aerospace sector and where the opportunities lie and how to take advantage of them!

### Cost:

**Small & Medium firms: \$3,900** (one rep)

**Large firms: \$4,600** (one rep)

**Addition firm rep: \$500**

(regardless of firm size)

**Deadline:** **August 31, 2009**

Space is limited to **12** companies.

*Additional participation will be considered on a case-by-case basis.*

## *Aerospace Supplier Development Mission*

to

**INDIA**

November 9-13, 2009

***One of the world's  
most dynamic &  
expanding  
aerospace markets!***

## Don't Miss Out!

Did you know the Indian Aerospace sector ranks among the **world's most dynamic** and is growing significantly?

Is your company interested in new aerospace clients in

India in both the commercial and government sectors? If so, join the mission!

### Key growth opportunities:

- Indian airlines are currently buying over 300 aircraft valued at about \$35 billion between 2007 and 2012.
- The air defense sector in India is growing at an estimated rate of \$3-4 billion annually.
- Major procurements of military aviation hardware and upgrading of surveillance, defense and strike capabilities are currently being planned.
- New product requirements (especially multi-role combat aircrafts) and replacement of military aviation craft are expected to cost about \$15-20 billion over the next 3-5 years.

- The major U.S. aerospace players are already there, why aren't you? Join them!

## Be Part of this Unique Mission

The U.S. Department of Commerce will lead this high-profile mission. All participating companies will spend five days meeting key Indian government agencies and industrial powerhouses including:

- Indian Ministry of Defense
- Indian Ministry of Civil Aviation
- Airport Authority of India
- Indian Space Research Organization (ISRO)
- Society of Indian Aerospace Technologies and Industries (SIATI)

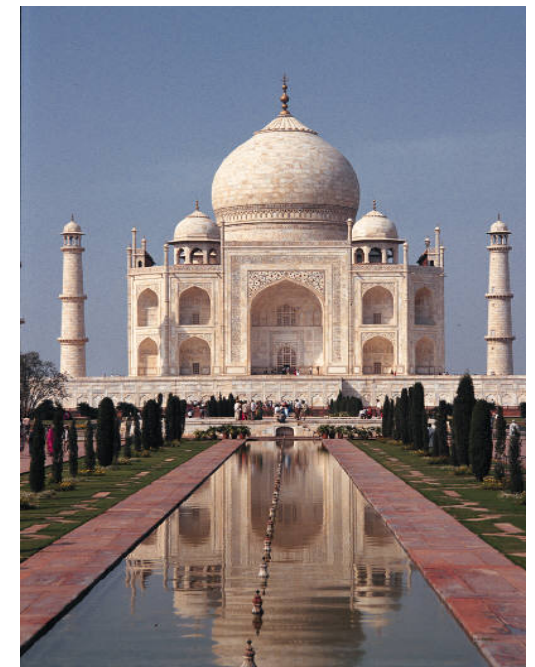

You will also have targeted one-on-one meetings in each city (New Delhi, Hyderabad and Bangalore) with potential partners, distributors, end users or local industry contacts.

### Multiple Networking Events Too!

Delegates will participate in four important networking receptions and several focused briefings and site visits. With so much packed into one week and three cities, you'll return with a very deep knowledge of the Indian aerospace industry and climate!

### Why India?

The Indian aerospace market is very promising for U.S. suppliers looking for joint-venture opportunities because the Indian companies are trying to evolve as serious players in the global market. They need and want U.S. aerospace companies as partners! Most of the major U.S. aerospace companies are already in the market. This is a great opportunity to do business with them in India and expand your global presence.

### Itinerary (tentative)

Mon Nov. 9	<b>New Delhi</b> Briefings, appointments, meetings & reception
Tues Nov. 10	<b>New Delhi &amp; Bangalore</b> Site visits & reception
Wed Nov. 11	<b>Bangalore</b> Presentation, briefings, appointments & reception
Thur Nov. 12	<b>Bangalore &amp; Hyderabad</b> Site visits and reception
Fri Nov. 13	<b>Hyderabad</b> Site visits & appointments
