*The International Trade Resource Center is pleased to welcome you to the launch of our Safety, Security, Aerospace and Defense Global Marketing Initiative!*

Because these are among the fastest growing sectors worldwide, the ITRC has developed a number of initiatives geared towards ramping up your export sales.

The safety & security and aerospace & defense markets are growing exponentially, despite the global economic downturn. The US is the preeminent supplier of technologically advanced aerospace, defense, safety and security products to the world.

Now is the time to penetrate the markets looking to procure these high tech products and services. New Hampshire has once again developed an innovative opportunity for companies in key sectors to enhance their global presence.

This global marketing consortium will assist New Hampshire companies with their export endeavors above and beyond the ITRC's traditionally customized assistance.

Join the ITRC on September 3rd as we examine the market demands globally, identify key marketing avenues and discuss how NH companies can address those needs.
